**NOTE:** Examples of matters which are appropriate grounds for hearings on objections to the trustee's report include, but are not limited to, failure by the trustee to collect and reduce to money the property of the estate; failure of the trustee to account for all property received; and failure by the trustee to investigate the financial affairs of the debtor. Examples of matters which are **not** appropriate for hearings on objections to the trustee's report include general objections to the debtor's discharge; objections to the dischargeability of specific debts; failure to be paid on a debt owed (except in an asset case where the trustee made a distribution in accordance with 11 U.S.C. Section 726, but improperly failed to include the objecting party in such distribution); and return of property.
